# ABOUT US

Jumpsonline is the fastest growing manufacturer of polypropylene show jumps in the UK and Europe. We now offer a combination of high quality products, affordable prices and a commitment to ship your order quickly.

Our show jumps are manufactured out of UV resistant polypropylene and are weighted to ensure they command the appropriate respect from horses, are resilient to our windy island conditions and yet are manageable to move around.

Our show jumps are safe, solid, durable and maintenance free. They provide a lasting challenge for your horses and for you the rider.

Jumpsonline has invested heavily in new machinery and is continually improving and developing existing and new products.

We employ first class design and production engineers capable of maintaining the highest standards in polypropylene show jumps, and we are driven to provide the best products and service to our valued customers.

We are proud to be a British manufacturing company supporting U.K. jobs and suppliers.

# CUSTOMER SERVICE

Jumpsonline offers a commitment to provide the highest levels of customer service from initial sales inquiries to continued support after you have received your order.

Our friendly customer team provides a fast and efficient service and will take your calls 7 days per week via our freephone number 0800 756 9670.

We offer a no quibble 2 Year repair warrantee whereby any damaged items will be repaired free of charge\*

Jumpsonline offers you an unparalleled range of polypropylene show jumps and we can guarantee that you will not find a comparable product for a better price.

We also offer customers direct access to our senior management, so you can speak to the decision maker about any queries or issues. Email: [managingdirector@jumpsonline.co.uk](mailto:managingdirector@jumpsonline.co.uk)

\*customers are responsible for shipping to and from our factory

# POLES

We believe in offering a pole that commands respect from your horse. This is why we offer wood filled competition and affiliated poles as well as our light weight practice option.

Our poles are made from 4" diameter x 5mm (wall thickness) polypropylene tubes which are cut, machined and welded together to form a tough outer shell.

For the competition and affiliated poles a piece of specially pre-machined timber is inserted to form an extremely tough composite pole.

Our practice poles come in single colours only and are produced the same way but without the timber insert.

Our poles give the appearance of a traditional painted wooden pole without the obvious drawbacks: no shattering (a major safety feature), no rotting or need for repainting.

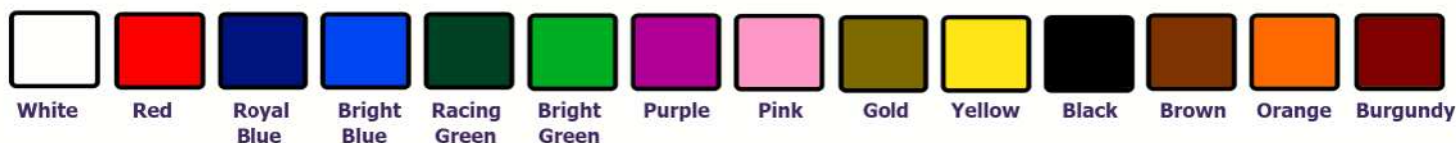

Our pole designs are shown below and are available in our full range of colours.

Our poles come in the following lengths and weights\*

Length/Type	1.8m (5'11")	2.4m (7'10.5")	3m (9'10")	3.5m (11'6")
Practice Pole	2.6kg	3.5kg	4.3kg	5.2kg
Competition Pole	5kg	6.5kg	7.5kg	9.0kg
Affiliated Pole	7.5kg	9kg	11kg	12kg

## Colour Options

\* weights may vary

# STANDS

Our standard show jump stands are available in 1.5 m and 1.75 m heights. All stands come in our full range of colours as shown below. They are ideal for building practice courses as they are multi-directional, which means they can be linked together, enabling you to build courses in a restricted area.

1.5 and 1.75m Single Colour

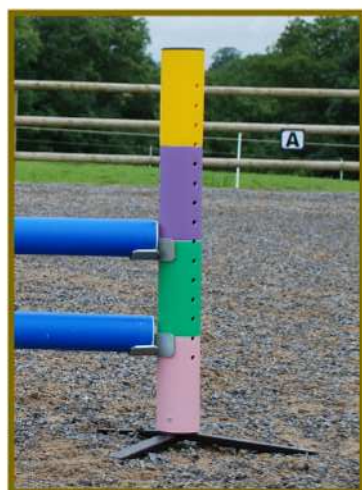

1.75m Bracket Stand

All stands come with height markers in both metric and imperial measurements.

Our bracket stands allow you to fasten an upright stand to the side of your arena or manege. The two metal and plastic brackets allow a quick release if struck heavily by a horse or rider.

Our stands are also popular with course builders for providing a back rail for spreads and can be used with our F.E.I. approved safety cups.

All of our stands come with a strong galvanised foot for best strength and wind resistance.

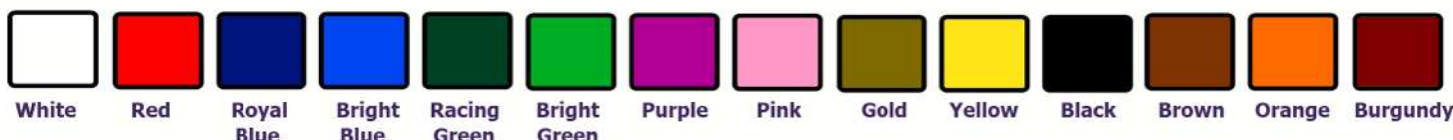

1m Rainbow Kids

1mtr Single Colour

Our smaller kids/beginner stands offer a great entry level product and are also very popular for lunging at a fixed height.

## Colour Options

Our telescopic show jump stands come in two sizes - 600-950mm high or 800-1350mm high. They have been designed for lunging and loose rein jumping. They are also used in our cross country range.

# WINGS Multi-Directional Wings with strong and heavy 'H' feet

Our comprehensive range of jump wings are built using our full selection of polypropylene components and our high strength galvanized metal 'H' feet.

Having researched and developed a plastic foot option, we have decided to keep our metal foot as it provides a much more stable and long lasting product. As plastic can be prone to shattering we also believe this to be the safer option too!

We have a number of wing designs that come in a choice of colour and with height markers in both metric and imperial measurements.

Cross

Fluted

Sloping

Vertical

Devil's Staircase\*

All our panel wings come with printed designs on both sides as standard.

Half Panel\*\*

Fluted Panel

Full Panel

Panel Tower\*\*\*

All our full size wings are 1.75m high, 700mm wide and weigh 14kgs each.

## Colour Options

White Red Royal Bright Racing Bright Purple Pink Gold Yellow Black Brown Orange

\* The Devil's Staircase is 1.3m wide and can be used as either a triple spread (side on) or as a double width sloping wing.

\*\* The Half Panel wing is also available in our smaller Manege Range. These wings are 1.5m high and 500mm wide.

\*\*\* The Tower is available in the cross, fluted, vertical and all paneled design options. They weigh between 20 and 26 kgs.

# FILLERS

The Jumpsonline filler range includes a number of shapes, sizes and design options. All fillers come in our full range of 13 colours. Our standard ladder and paneled fillers come in widths of 1.8m, 2.4m, 3.0m and 3.5m with heights of either 45cm or 65cm \*. Available also as hanging or standing variations.

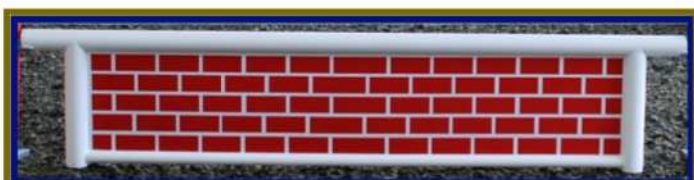

Hanging Ladder

Standing Ladder

Our ladder fillers are available with a choice of frame and slat colour.

Hanging Panel

Standing Panel

Our paneled fillers come with a choice of frame colour and with double sided graphics as standard. Please see our design gallery.

Hanging Flat Panel

Our hanging flat panel filler is effectively a larger version of our planks. It is available with either one or two sided graphics.

'V' Filler

Our 'V' fillers are 1.8m wide and either 600mm or 900mm high.

They come with a choice of white or black frame and a choice of designs on both sides.

**See our  
Design Gallery**

\* other sizes available on request

# PLANKS

Our planks come in widths of 1.8m, 2.4m and 3.0m and with either a black or white frame.

See our  
Design Gallery  
for our choice  
of Designs

3.0m Multi-Colour Chequer

The planks are filled with timber to give them strength and rigidity.

All planks are available with printed designs on both sides.

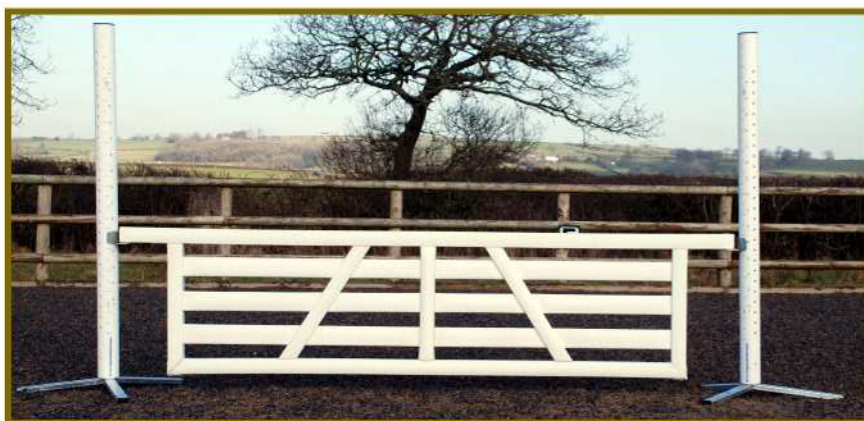

All planks are 22cm high.

1.8m Style Jump

# GATES

Our gates are available in 1.8m (style gate), 2.4m, 3.0m and 3.5m widths and in a choice of white, black or brown. 3 heights are available - 70cm, 90cm and 1.0m

Full Gate - 3.0m

Wooden inserts available as an optional extra.

Half Gate - 1.8m

# PERSONALISED JUMPS

Any of our paneled wings, fillers and planks can be personalised. We offer this service free of charge if artwork is provided.

For individuals we can offer everything from a picture of your own horse, your own design or a specific message built into one of our existing designs.

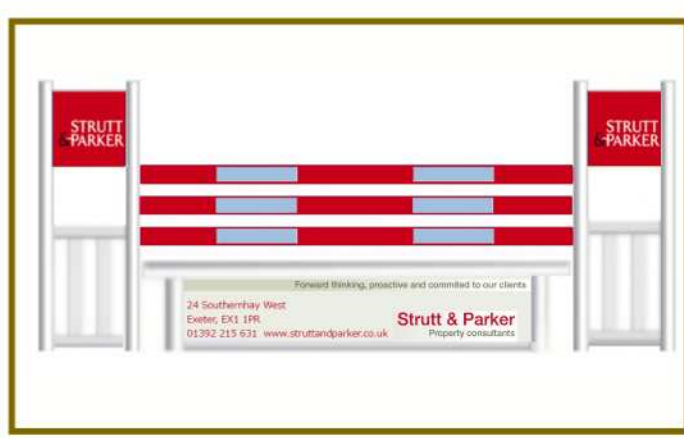

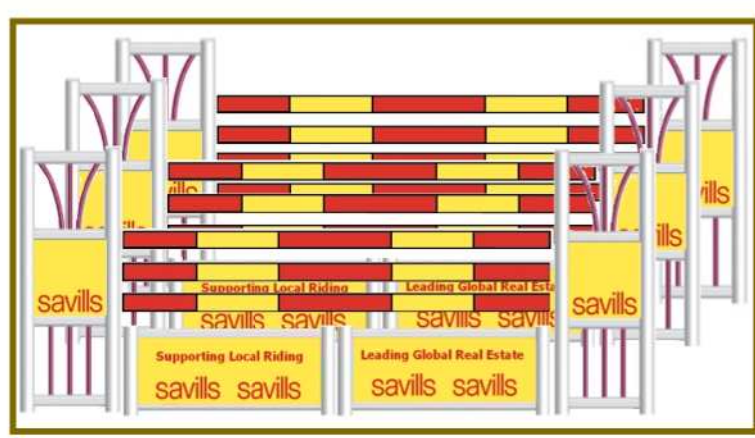

For Companies, we can offer a full design and build service to create your own branded jumps.

Many Riding and Pony Clubs now fund the purchase of their jumps by raising sponsorship from local businesses and individuals.

We can incorporate logos and branding to give maximum exposure in a show jumping ring.

# MARY KING RANGE

Jumpsonline has teamed up with Olympic, World and European eventer Mary King to design and launch a unique range of jumps. The range includes a variety of full jumps and courses catering for all ages and abilities. The range has been creatively designed by Mary herself.

All designs come with Mary King's signature and a selection of training courses and tips.

## Mary says:

Dear Fellow Jumpers!

It's been fantastic working on the designs with the Jumpsonline team and I am pleased that we have developed a range of high quality, durable jumps at affordable prices.

I've designed some full size jump courses aimed at clubs and venues who hold regular events (supplied with wooden top poles to confirm to BSJA standards), right down to a fun children's and beginners range.

The jumps have a fantastic range of brightly coloured, unique graphics which go on wings, planks and fillers offering a real challenge to you and your horses.

I hope you enjoy the jumps and good luck with your equine activities!

# KIDS RANGE

Our kids range provides perfect entry level jumps which come in our full variety of designs and colours. Whether you are looking for small jumps for ponies, jumps for kids to jump themselves or even jumps to play with your dog, we can provide a fun and lasting product.

Included in our Kids Range are:

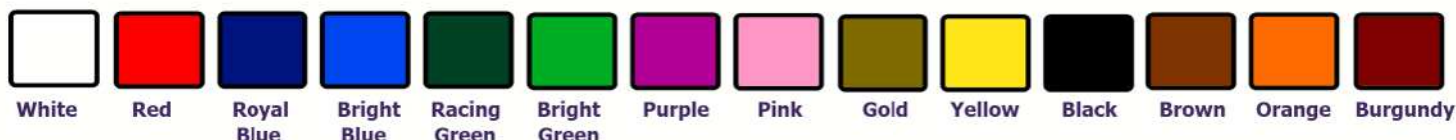

- 1.0m Rainbow Jump Stands
- 1.0m Single Colour Jump Stands
- 1.0m Kids Jump Wings with designs on both sides
- A choice of 1.8m and 2.4m hanging fillers
- A choice of 1.8m and 2.4m poles

All kids products come in our full range of colours and a wide variety of novelty printed designs.

## Colour Options

# WORKING HUNTER

Our working hunter range combines some traditional concepts with a modern approach. Elements in the range include a large selection of wings, fillers, planks, gates and poles.

# CROSS COUNTRY

Our range of mobile cross country jumps are available in black or brown.

All variations use our telescopic jump stands to give users a variable height option.

Jumps can be dismantled and easily transported.

Corner Complex

Telescopic

Arrow Head XC

Table Top / Pheasant Feeder

# WATER TRAYS

We currently produce two standard sized water trays that are available with either black or white surrounds.

Water tray 1 - 2400mm wide x 600mm deep

Water Tray 2 - 2400mm wide x 900mm deep

Our water trays provide a great addition to most show jump courses and can be purchased separately or as part of a full show jump.

# CUPS

We have three zinc plated metal cups that easily slot into our wings and stands.

The standard round cup is used for poles and hanging fillers.

The flat cup is used for gates and planks.

The multi cups are used to create corners.

The F.E.I safety cup fits our wings and stands using a specially designed converter plate. They are the olympic cups commonly used at all major events.

Standard Round Cup

Multi Cup

Flat Cup

F.E.I Safety Cup

# COMPLETE COURSES 1

Jumpsonline offers a number of complete courses that offer a considerable saving on buying individual items.

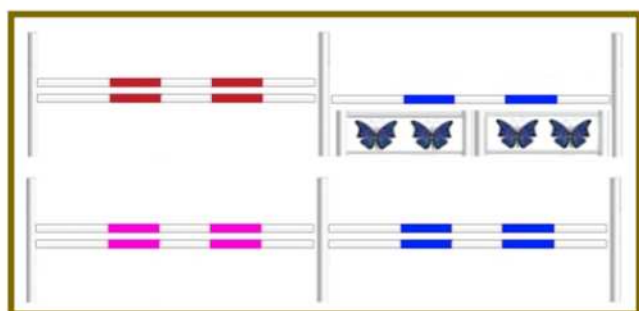

All colours and designs can be chosen to suit your preferences.

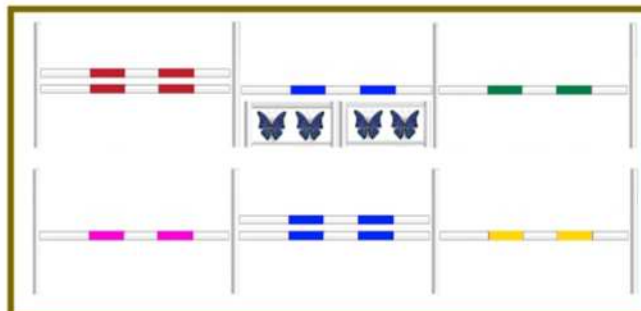

3 Jump Starter Course

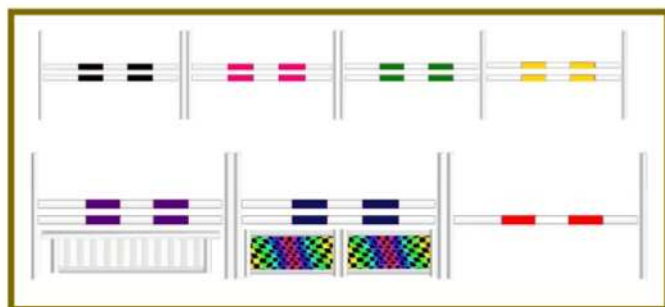

4 Jump Combi A Course

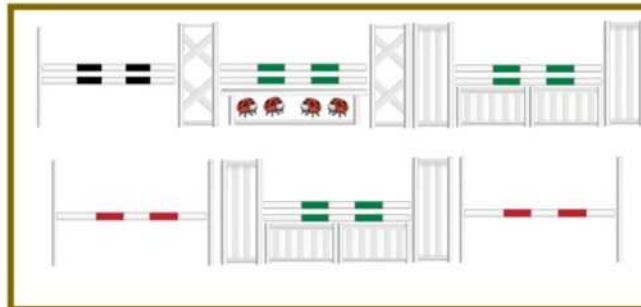

Practice Set

Practice Set Plus

Training Course

Novice Course

6 Jump Combi C Course

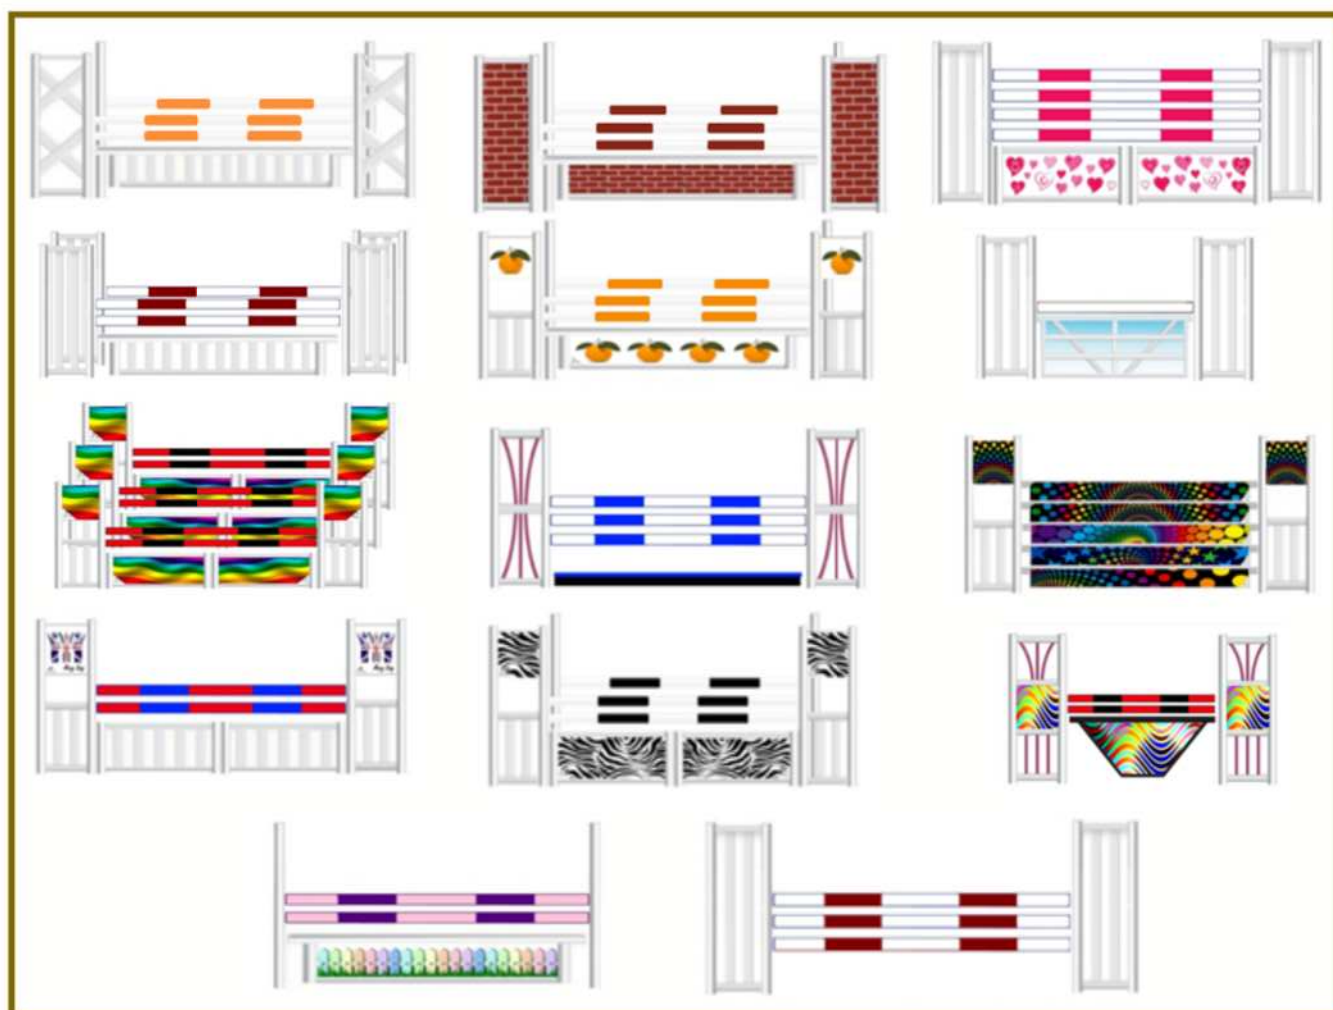

7 Jump Mini Competition Course

# COMPLETE COURSES 2

8 Jump Competition Course

14 Jump Professional Competition Course

# DESIGN GALLERY 1

A selection of our most popular designs. All designs can be adapted to fit any wing, filler or plank.

# DESIGN GALLERY 2

We also have a comprehensive range of cartoon designs as shown below. They can all be adapted to fit any wing, filler or plank.

# CUSTOM GRAPHICS

Jumpsonline also provides a customised graphics service that enable customers to design their own jumps.

Any design can be printed from a company logo or a favourite photo to a scanned drawing or painting.

# ACCESSORIES

Jumpsonline has created a selection of show accessories to add the finishing touches to your events.

Jump Course Number Sets

Our standard number sets are available for 8, 12 and 14 jump courses and include numbers, letters and start and finish signs. They clip to our wings.

Our planter course numbers come in the designs shown below and fit neatly between the feet of our wings. The artificial plants are very realistic and are designed for external and indoor use.

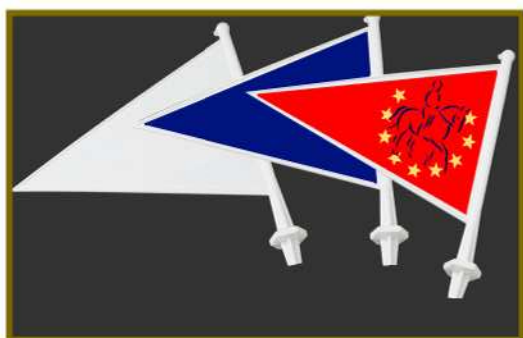

Boxwood Ball Planter

Grass Planter

Marigold Planter  
(indoor use only)

Our show flags fit all our wings and stands and come in any colour.

The flags can be personalised with logos, text or pictures.
